

Dear Carlo and Katrien

We had a wonderful time at Le Rocal. The house and pool were perfect for our group of all ages! So much space for everyone to enjoy. A beautiful holiday home in an idyllic setting! You could not ask for more! We love this region of France. Even though the weather was not perfect there was still plenty to do! The table tennis, table football and basketball provided the children with hours of entertainment! We went blackberry picking and enjoyed walks around the area! The air conditioning was great for us on hot days!

Thank you very much for having us we will most definitely return!

Kind regards and we hope to return!

Caroline
